Sore Throat Wisdom
If every mother could realize the danger that lurks behind every case of sore throat, she wouldn't rest until she had effected a cure every time a child has it. Your family physician will verify the statement that it is a positive fact that every child with sore throat is in immediate danger of contracting Croup, Quinsy, Diphtheria or Diptheria, and is not removed from that danger until the throat is cured. Think of it! Injunctive or outward application of medicines do not and cannot cure the ailment, though they may offer temporary relief. Neither can you cure sore throat with a cough syrup or a cold cure. To cure, you must get at the seat of the disease, removing the cause. Nothing does that so quickly, safely and surely as TONSILINE. A single dose of TONSILINE taken upon the first appearance of sore throat may save long weeks of sickness, great expense, worry, even death. TONSILINE is the stitch in time. Use a little sore throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow. TONSILINE is the standard sore throat remedy—best known and most effective and most used. Look for the long necked fellow on the bottle when you go to the drug store to get it. 55 cents and 50 cents. Hospital Size \$1.00. All Druggists.

BRONCHITIS SUFFERERS

TAKES DRUGGIST'S ADVICE WITH SPLENDID RESULT.
If any one should know the worth of a medicine, it is the retail druggist who sells it over his counter every day in the week, and is in a position to know what remedy gives the best satisfaction. Mrs. Frank H. Uline of West Sand Lake, N. Y., says: "For a number of years I was a great sufferer from bronchitis. Last July I had an attack which was more severe than any and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did with wonderful results. My cough has left me; I have gained in weight and appetite and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run-down to try Vinol." It is the combined action of the medicinal curative elements of the cod's liver, without oil, aided by the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient in such cases. Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not. Stone & Mercer, druggists, Clarksburg, W. Va. P. S. Stop scratching, our Saxo Salve stops itching. BOARD OF TRADE'S NEWS IN BULLETIN

Form Prepared by Secretary King of That Body for the Press.

(H. V. D. King.)

Board of Trade Land Company. After many conferences held by representatives of the land company filing the necessary right of way papers through which the extension of the industrial track to the Southern farm must pass, negotiations have been about completed for the purchase of the necessary rights of way. All papers covering right of way and agreements necessary in this case will be forwarded to the real estate department of the Baltimore and Ohio Railroad Company today, and it is believed that the proposed switch will be constructed at once. The secretary has called the attention of the management of the Baltimore and Ohio railroad to the agreement with one of its executives early last spring covering the construction of this extension upon filing the necessary right of way papers with the real estate department and has urged that the fulfillment of this agreement on their part be made at once.

Good Roads Movement. Counsel for the board of trade has given the opinion that real property within the corporation of Clarksburg can not be assessed for highway improvement in Coal and Clark districts. It has been proposed that a bill be prepared to submit to the legislature to permit taxation of property within the corporation to cover a bond issue in the two districts. Before doing so, however, we will have the benefit of the advice and recommendations of J. R. Wilson, of Washington, Pa., an experienced highway engineer, who has supervised much work of this kind in the state of Pennsylvania and also in West Virginia. Arrangement is being made for Mr. Wilson to speak at one of our weekly luncheons, when the matter of his experience, particularly in promoting the Mannington district bond issue, will be thoroughly gone into.

Guarantee Fund. The matter of a guarantee fund under the supervision of the board of trade is now being handled by a special committee and material has been placed in the hands of counsel for drawing up a proper paper to be submitted to the members of the board of trade for its acceptance.

As there are many good prospects at the present time needing financial assistance in order to locate them at this point, the matter of securing the necessary endorsements to such a guarantee fund will be pushed to a speedy conclusion.

Oak Mound Farm Development. The matter of perfecting switch arrangements between the Baltimore and Ohio Railroad Company and the traction company in order to enable the railroad to get into the Oak Mound farm with its own power has not yet been consummated. Notwithstanding the promise of one of the executives of the Baltimore and Ohio railroad that this arrangement would be made months ago, nothing has yet been accomplished and the traction line is at present handling all material for the construction of the Owens Eastern Bottle Company's plant. Further and more aggressive action will soon be taken at the part of all concerned to have the proposed switching arrangement made within the near future.

Factory Prospects. Representatives of the pottery prospect from Ohio, who have been negotiating for a location, and a glass plant from the same state are expected in the city this week. Other new prospects include a handle and chair stock factory from Pennsylvania, a stoneware pottery concern from Ohio, and a motor car concern from Ohio, a motor car company from Maryland, a porcelain and china ware factory from Ohio and a shovel and spade factory from the Pittsburgh district.

Smoke. It has been proposed that a board of trade membership smoker be held sometime within the coming month, and if sufficient interest is secured to justify it, the entertainment committee will go ahead and make such arrangements as will insure the success of such a movement. It is decided to hold such an entertainment information more in detail will be given out during the coming week.

DRUMMOND FUNERAL. Mrs. Florence Drummond, wife of N. D. Drummond, of Gypsy, died Sunday morning at 11:30 o'clock, at her home after a few weeks' illness of a complication of diseases. The funeral was held at the Drummond home Monday afternoon and the burial was in the Greenlawn cemetery.
